

## Media Release

### **CHC 2012 National Conference 12-13 September 2012 Official Opening of Registrations**

The Complementary Healthcare Council of Australia (CHC) is pleased to announce that registrations are now officially open for the much anticipated 2012 National Conference and Annual Industry Awards. With a highly evolving Complementary Medicines Industry, this Conference is the opportunity to acquire knowledge vital in the changing landscape, to network with leaders and experts in their fields and to ensure that those involved in or impacted by the industry are informed, involved and on top.

Those attending the Conference will discover industry and market knowledge not available through any other forum. Starting with the Welcome Reception on the evening of the 11<sup>th</sup> September, the conference offers an exciting 1.5 day program. Bringing together expert speakers from Government, Industry and Academia, delegates will be the first to benefit from stimulating presentations around cutting-edge research, innovation and product development, as well as industry positions and advancements in regulatory and market environments.

Noting the opening of registrations for the Conference, CHC Executive Director, Dr Wendy Morrow, highlighted the importance of events like this to an industry continuing to grow yet facing a number of potential changes.

“With the vast amounts of reform currently impacting our industry, and with more yet to come, this is the opportunity for those affected to make sure they are not only prepared but ahead of the game,” she went on to say.

The prestigious Industry Awards Dinner, the social highlight of the Conference, is an annual event taking place on the evening of the first day of the Conference. It is an opportunity to recognise and celebrate the outstanding contributions of companies and individuals to the industry. Award presentations are made throughout the evening and with plenty of fine dining, drinks and entertainment it is a particularly good opportunity to network with like-minded professionals in a celebratory environment.

**Early bird Conference registrations are now open with Industry Award Nominations opening soon.**

For more information or to register please visit the 2012 National Conference pages of the [CHC website](http://www.chc.org.au).
