2013 Regulatory Obligations Seminar

Registrations now open

Registrations are now open for the 2013 Regulatory Obligations Seminar, to be held at Rydges Lakeside Hotel, Canberra, Monday 18 March 2013.

Industry experts will update attendees regarding important regulatory issues likely to impact on the Australian complementary medicines industry.

Speakers from the Therapeutic Goods Administration, the Complementary Healthcare Council (CHC) of Australia and others have been invited to address the audience.

Seminar topics are likely to include, but are not limited to: Blue Print Reforms; ANAO Implementation Update; Outcome of compliance reviews of listed complementary medicines; and the changing face of manufacturing quality.

Over 70% of Australians use complementary medicines every year. With this number growing, and regulation being a key to meeting such high growth, this is a must attend event for industry stakeholders needing to stay informed and abreast of changes effecting their business.
