Ha Noi, 7th January 2022

To: The Australian Embassy

Vietnam Food Administration (VFA) presents its compliments to The Australian Embassy and thank you very much for your strong cooperation in food safety in Viet Nam.

As you may know, Viet Nam requires food suppliers to provide a "Certificate of Free Sale", "Health Certificate" or "Certification of Exportation" with the aims of assuring the safety of foods issued by a competent authority of the origin/exported countries.

With reference to your official letter dated on 22th December 2021, as for the products stipulated by clause (1), article 7 of Decree No.15/2018/ND-CP that Australian competent authorities don't issue only "Certificate of Free Sale" but also "Certificate of Listed Product" and "Certificate of Pharmaceutical Product" certified that product is in compliance with Australian standards and is freely available for sale in Australia and for export. Therefore, we will accept these certificates if they contain the information required by Vietnam's legislation (including address of the manufacturer and category of good) and review all applied documents of Australian food suppliers who wish to export food supplements into Vietnam.

We are looking forward to receiving your continuous support and strong cooperation.

Best regards,

Huu Tuan Do

Deputy Director

Vietnam Food Administration – Ministry of Health Vietnam
